

Connect to Wireless on Windows 7 or Later

Click on the Wireless Icon in the lower right corner of the desktop near the clock:

Select “**eduroam**” from the list of available networks and click “CONNECT”

BE SURE TO USE eduroam, NOT UMW-GUEST. NETWORK SPEEDS DIFFER DRAMITICALLY

Click “CONNECT” on security alert if prompted

When prompted, enter your UMW email address and password.

If you see another security warning, click “CONNECT” or “OK”

You’re now connected to the eduroam network
